

Your aviation journey begins here!

Ever wondered what it's like to fly? Maybe you're curious how airplanes work. You might even dream about being a pilot.

If you're shaking your head "yes" and are between the ages of 8 and 17, you are invited to take to the sky and become a Young Eagle! More than a million young people **just like you** have already taken a free flight through EAA's Young Eagles program.

What are you waiting for? Schedule your FREE introductory flight today!

Here's how:

1. Talk with your parents.
2. Go to **YoungEagles.org** to locate a Young Eagles Coordinator in your area.
3. Contact your local coordinator to schedule your flight.
4. **Take off!**

 **Young Eagles**

Come fly with EAA's Young Eagles!

This is your opportunity to experience the freedom of flight that many people only dream about. You'll fly with a local EAA volunteer pilot who will show you what real pilots do on the ground and in the air. Many people remember this experience for the rest of their lives. **You will, too!**

After your flight, your pilot will present you with your very own Young Eagles logbook with a unique code to activate your **FREE EAA Student Membership**. Your membership unlocks even more opportunities and resources to participate in the exciting world of flight!

EAA Student Membership includes:

- > **FREE** access to the Sporty's Learn to Fly Course (\$199 value)
- > **FREE** admission to 300+ science and technology museums
- > **FREE** Academy of Model Aeronautics Student Membership
- > **FREE** electronic copy of *EAA Sport Aviation*
- > **FREE** first flight lesson* (\$120 value)
*Upon completion of the first three volumes of the Sporty's Learn to Fly Course
- > Access to valuable flight training awards, education scholarships, and Air Academy camperships
- > And much **more!**

 **Young Eagles**
Inspiring the **next generation** of aviators

What is Young Eagles?

The EAA Young Eagles program was launched in 1992 to give interested young people ages 8 to 17 the opportunity to go flying in a general aviation airplane. The volunteers who participate in the Young Eagles program are local members of EAA who are volunteering their time and aircraft to make your flight possible. EAA is a membership organization based in Oshkosh, Wisconsin. Our 180,000 members are dedicated to growing participation in aviation.

A **special message** from your chairman

"Without the guidance of the mentors I had at EAA, I wouldn't be who I am today. I, along with 42,000 other pilots are now helping light that same spark for kids through EAA's Young Eagles program. Since 1992, volunteer pilots—my personal heroes—have flown more than 1.8 million kids as part of the program. The Young Eagles program has had a huge impact on general aviation."

— Sean D. Tucker
Hall of Fame air show performer
National Young Eagles chairman
